

YOUNG MAKEUP

still
use
mascara
to emphasize
the eyes.

children do not have defined brows. a
tinted brow gel is all that is needed.

it is important to make the eyes look
bigger when doing young makeup. light
line the lash line with brown liner or
shadow & line the waterline with a
white eyeliner.

blush brings color to the face without
adding structure. when doing 'young'
makeup, avoid contouring.

use a tinted balm or a light pink lipstick
to bring color to the lips.
